

# Professional tools for in-house printing.

The Fieri® Color Controller E-25C delivers easy-to-use tools to produce high-quality finished documents without expert knowledge.

## ***Print with confidence and ease***

Print large and graphic-rich files, or high volumes of smaller files, quickly using Fieri SmartRIP technology, which processes queued jobs in the most efficient way.

Use Fieri VUE, the “visual print driver,” to create and print professional booklets quickly, easily and cost effectively in-house.

Built-in support of Adobe® PDF printing standards enables the highest levels of file compatibility and assures accurate processing of all files.

## ***Get consistent and reliable color every time***

Accurately reproduce your corporate colors, and match PANTONE® and custom colors with the optional Fieri Spot-On™.

## ***Enhance your print capabilities***

Automate job submission, make last-minute image corrections, and use advanced queue management to assign print priorities with the features included in the optional Fieri Productivity Package.
