

Windows 10 availability for Canon Fiery servers

The following Canon® Fiery® servers have an available paid upgrade to the Microsoft® Windows® 10 operating system.

Why upgrade to Windows 10?

Microsoft Windows 10 contains the latest security protections. In addition to OS-level protections such as built-in automatic threat monitoring to malware protection, the Fiery server has additional security features to help protect your data, including integration with Windows Active Directory.

Available upgrade to Windows 10 IoT Enterprise 2019 LTSC
