Release the POWER
Give POWER to your productivity

With its outstanding performance, extended uptime and low maintenance needs, the EFI® Reggiani POWER is the perfect industrial textile digital printer to increase your productivity and printing capability, without compromising on quality or flexibility. POWER delivers the unparalleled reliability EFI Reggiani has built its worldwide leadership on over many years. Let POWER bring your factory to the next level for faster, smoother, and more efficient production.

At a glance:

**Enhanced ink recirculation system**
- Superior versatility to manage a wider variety of inks
- Dramatic reduction of maintenance needs and stoppages
- Increased tolerance to environmental conditions

**New EFI Reggiani printing software**
- Real-time image processing
- Printing parameters and geometry change on the fly
- Easy-to-plan and flexible queue and job list

**Proprietary head electronics**
- Simplified print carriage layout for quicker set up time and increased reliability
- Easy printing head removal
- Quick and tool free head alignment

Features

- 32 printing heads with full variable drop size
- Ink management: in-line continuous degassing and filtering
- Printing head crash protective system
- High-precision transportation belt
- EFI Reggiani exclusive dynaplast roll compensating step vs continuous movement
- Adhesion methods: thermoplastic, permanent, resin
- Embedded magnetic system for adhesive application
- Belt washing with both continuous and stop-and-go capabilities with air blade included
- Integrated environmental sensor
- Integrated water filtration system
- Ink system open to certified suppliers
- High uniformity printing modes
- Easy-to-use print controls
- Alert manager
- Possibility to monitor and export all printing and printer data to an external DB or ERP
- EFI Reggiani printing server: equipped with RAID 5 high-speed disks, providing high data transfer and redundancy. Incorporated UPS for data security
- Software open to main RIP vendors

Advantages

- Outstanding performance and extended uptime thanks to reduced maintenance needs
- Quick set up time and superior reliability
- Best handling and adhesion for any textile substrates
- Suitable for 24/7 operation
- One operator can manage multiple printers in action
- Multiple customizations available

Improvements

- Innovative and adaptive GUI
- Job editor: what you see is what you get in each and every moment
- Flexible queue management
- Ink consumption calculation
- Improved aesthetics with new look and feel

* Paper configuration: double ink laydown at same speed
Specifications

- Printing width 71-95-134 in
- Production speed up to 10,979 sqft/h
- Printing heads 32
- Drop size from 4 to 72 pl
- DPI up to 2400

Fabric configuration

- Fabric weight from 1.06 to 16 oz/sqft
- Fabric feed (Entry):
  - small roll unwinder up to ø 16 in
  - big roll unwinder (A frame) up to ø 63 in
- Fabric take-up (Exit):
  - fold
- Dryer:
  - two industrial chambers

Optional

- Fabric feed (Entry):
  - fold
  - segmented roller
- Fabric take-up (Exit):
  - small roll winder up to ø 16 in
  - fold and small roll winder up to ø 16 in
  - big roll winder (A frame) up to ø 63 in
- Dryer:
  - additional industrial chambers

EFI fuels success.

We develop breakthrough technologies for the manufacturing of signage, packaging, textiles, ceramic tiles, and personalized documents, with a wide range of printers, inks, digital front ends, and a comprehensive business and production workflow suite that transforms and streamlines the entire production process, increasing your competitiveness and boosting productivity. Visit www.efi.com or call 650-357-3500 for more information.
