

# Increase productivity and quality.

The Fiery® Productivity Package option for the embedded Xerox® EX-i C9065/C9070 Print Server Powered by Fiery includes a set of features essential for professional printing environments.

- Image and colour quality adjustment tools for last-minute image editing, right in Fiery Command WorkStation®
- Powerful softproofing and colour management tools to minimise errors and waste
- Workflow automation solution for production of ready-to-print files with the fewest touch points and least potential for human errors

## What's included

Here is the set of features included in the optional Fiery Productivity Package for the Xerox EX-i C9065/C9070 Print Server.

FEATURE	DESCRIPTION
Fiery ImageViewer	Enables the user to visually check the final processed job before printing and apply color adjustments
Fiery Image Enhance Visual Editor	Adjusts individual images for brightness, contrast, highlights, shadows, colour balance, and sharpness without opening and editing the file in the originating application
Graphic arts filters for Hot Folders	Automates job submission through Hot Folders for graphic arts file formats
Postflight report	Delivers colour-coded job diagnostic reports to quickly and easily identify potential printing issues such as mixed source colours and missing spot colours
Control bar	Provides colour quality control by placing the Ugra/Fogra Media Wedge, an industry-standard colour bar, and job settings on every printed page
Configurable auto trapping	Controls trapping parameters and corrects misregistration in composite or separated documents
Paper simulation	Achieves accurate output simulations for special media by manually adjusting the hue, brightness, and saturation of the paper substrate being simulated
Fiery JobFlow™	Automates job preparation steps to increase productivity by eliminating bottlenecks, reducing repetitive work, and minimising touch points. Comes in two versions. Enable JobFlow Base (free) with the paid Fiery Productivity Package. Upgrade available to the full JobFlow version to expand workflow functionality.

## EFI fuels success.

We develop breakthrough technologies for the manufacturing of signage, packaging, textiles, ceramic tiles, and personalised documents, with a wide range of printers, inks, digital front ends, and a comprehensive business and production workflow suite that transforms and streamlines the entire production process, increasing your competitiveness and boosting productivity. Visit [www.efi.com](http://www.efi.com) or call 0808 101 3484 (UK only) or +44 (0)1246 298000 for more information.

Nothing herein should be construed as a warranty in addition to the express warranty statement provided with EFI products and services.
