

# Defend your great work

EFI™ Armor UVT is a fast-drying, non-yellowing, vacuum-formable clear coat developed for first surface thermoforming applications on rigid materials. Armor UVT is a high elongation product with a virtually unlimited vacuum forming range. It's your best defense against outdoor weathering and abrasion, and harsh solvents and chemicals. It offers three to five year weathering in direct outdoor environments, and is available in matte and gloss finishes.

## Applications

- Automotive trim and shielding
- Bath and shower enclosures
- Gaming/ATM's
- Vending/Beverage/Dispensing
- Sports and outdoor graphic constructions
- Bug shields
- Wind deflectors
- ATVs
- Canoes
- Kayaks

AT A GLANCE	
Durability	3-5 years direct outdoor exposure; excellent chemical and abrasion resistance
Mixing	Two part system; prior to use, part 2 must be mixed thoroughly into part 1; once mixed together, the pot life will exceed 6-8 hours of use
Roll Coat	Wet film deposit of 1.0 to 5.0 mil depending on depth of draw
Shelf Life	One (1) year from date of manufacture
Cure Parameters	300 mJ mercury vapor
Coverage	1.75-2. mil wet film; for extreme deep draw applications (6"+) .2 mil -3.5 mil is recommended; can be coated in multiple passes to obtain desired film thickness
Finish	High gloss Matte

To determine suitability of the product for the intended use, a pretest prior to production is advised.

# When your print wears Armor, it's ready for anything.

Whether you're printing on rigid boards, flexible media or thermoforming materials, you need to protect your print from the sun, weather, wear and tear, even chemicals. EFI has the post-printing coating formula for success – EFI Armor. Our line of proprietary products does a lot more than coat. It defends. It shields. It guards. It preserves.

Protect your print, protect your color, protect your reputation. With EFI Armor.

## EFI fuels success.

We develop breakthrough technologies for the manufacturing of signage, packaging, textiles, ceramic tiles, and personalized documents, with a wide range of printers, inks, digital front ends, and a comprehensive business and production workflow suite that transforms and streamlines the entire production process, increasing your competitiveness and boosting productivity.
