

efi REGGIANI ReNOIR NEXT

Digital Printing Machine for Printing on Paper and Fabric

The NEXT
revolution
of the species.

Revolutionising the future

EFI™ Reggiani's first entry-level industrial beltless digital printing machine.

Thanks to its versatility, the ReNOIR NEXT is able to print on both fabric and paper using the same ink with no technical modifications, and with complete confidence.

NEXT Paper

NEXT Fabric

Specifications

- Printing width from 185 to 340 cm
- From 4 to 72 pl drop size
- From 300 up to 2400 DPI
- Fabric weight from 40 to 300 gr/sqm (no stretchable fabrics and no trough print)
- Paper weight from 40 to 160 gr/sqm
- **Paper feed (entry):**
 - standard roll unwinder up to \varnothing 450 mm for 180 cm
 - standard roll unwinder up to \varnothing 350 mm for 340 cm
- **Paper take-up (exit):**
 - standard roll winder up to \varnothing 450 mm for 180 cm
 - standard roll winder up to \varnothing 350 mm for 340 cm
- **Dryer:** electrically heated plate

* Further colour configurations available

Features

- All in one: ink system, electrical cabinet, dryer
- Small footprint
- Ink management: in line double degassing and filtering
- Full variable drop size
- High-efficiency dryer
- Head crash protective system
- High-efficiency head wiping
- Real time image processing
- Ink system open to certified suppliers
- Embedded colour feeding
- Self-cleaning
- Software open to main RIP vendors

Advantages

- Both for sampling and production
- Multiple customisations available
- Quick answer to production requests
- No need of head alignment
- Low maintenance costs
- Lowest cost per metre in its category
- Easy maintenance
- Easy access to main machine modules
- Easy to use
- Easy colour refill
- Suitable for 24/7 production
- One operator can manage multiple machines

Improvements

- New high-efficiency dryer
- New design
- New electronic and user interface. Diagnostic embedded
- New enhanced ink recovery system, up to 95% of ink saving
- Improved and simplified head layout

EFI fuels success.

We develop breakthrough technologies for the manufacturing of signage, packaging, textiles, ceramic tiles, and personalised documents, with a wide range of printers, inks, digital front ends, and a comprehensive business and production workflow suite that transforms and streamlines the entire production process, increasing your competitiveness and boosting productivity.
