

Armor Erase UV
Anti-graffiti and Dry-erasable Clear UV Roll Coating

Protect your print

EFI™ Armor Erase UV clear roll coating offers exceptional adhesion to styrene, acrylic, polyester, coated metal, coated cardboard stock and other rigid materials. It offers an exterior life of one year, and in commercial display environments, it allows for easy cleaning of graffiti sources, such as aerosol or enamel spray paint. Coated surfaces can be cleaned with acetone, isopropyl alcohol or high-pressure water to remove spray paint or permanent marker. The coating also is ideal for dry-erase applications on rigid-printed graphics and will not leave ghosted images on the surface.

Applications

- Suitable for anti-graffiti applications:
 - Transit shelters
 - Train stations
 - Airport terminals
 - Other high-traffic, public locations
- Dry-erase applications
- Can be used as a hard coat (excellent abrasion and scratch resistance)

AT A GLANCE	
Durability	Up to one year
Mixing	Mix thoroughly before use; thinning is not recommended
Roll Coat	Suitable for use on all UV coating devices
Shelf Life	One (1) year from date of manufacture
Cure Parameters	1-200 watt per inch medium pressure mercury vapor lamp with an output of at least 180 mJ
Belt Speed	50-60 feet per minute depending on lamp efficiency and heat emission
Coverage	3,500 – 4,500 square feet per gallon
Finish	Hard high gloss finish

NOTE: Not suitable for flexible banner applications. To determine suitability of the product for the intended use, a pretest prior to production is advised

WARNING: This product will not perform if it has been under-cured, as there will be a penetration of paint permanently staining the print.

When your print wears Armor, it's ready for anything.

Whether you're printing on rigid plastic, flexible media or thermoforming materials, you need to protect your print from the sun, weather, wear and tear, even chemicals. EFI has the post-printing coating formula for success – EFI Armor. Our line of proprietary products does a lot more than coat. It defends. It shields. It guards. It preserves.

Protect your print, protect your color, protect your reputation. With EFI Armor.

EFI fuels success.

We develop breakthrough technologies for the manufacturing of signage, packaging, textiles, ceramic tiles, and personalized documents, with a wide range of printers, inks, digital front ends, and a comprehensive business and production workflow suite that transforms and streamlines the entire production process, increasing your competitiveness and boosting productivity. Visit www.efi.com or call 650-357-3500 for more information.
