

Guard the wh₂ole print

EFI™ Armor WB is a water-based, non-yellowing clear coat with excellent elongation characteristics. It's designed to shield digitally printed graphics from sun and element exposure, and harsh solvents and chemicals. Formulated with UV inhibitors proven effective in preventing pigments from fading, Armor WB will protect printed graphics up to three years without cracking or peeling.

Applications

- Vehicle wraps
- Fleet graphics
- Truck curtains
- Building wraps and billboards
- Banners and perforated films
- Bus shelters
- Wallcoverings

| AT A GLANCE | |
|-------------|--|
| Durability | 3 years of direct sun and element exposure without cracking, peeling and chalking |
| Mixing | Two part system; prior to use, part 2 must be mixed thoroughly into part 1; once mixed together, the pot life will exceed 6-8 hours of use |
| Coating | A coating thickness of 5/10ths to 8/10ths of mil dry film is recommended |
| Application | Product can be roll-coated, sprayed or painted |
| Drying | Can be force air dried at 120°-160° F in 20-40 seconds or air dried at room temperature in 30-40 minutes |
| Coverage | 2,000 - 2,500 square feet per gallon |
| Finish | High gloss with excellent visual clarity |

To determine suitability of the product for the intended use, a pretest prior to production is advised.

When your print wears Armor, it's ready for anything.

Whether you're printing on rigid boards, flexible media or thermoforming materials, you need to protect your print from the sun, weather, wear and tear, even chemicals. EFI has the post-printing coating formula for success – EFI Armor. Our line of proprietary products does a lot more than coat. It defends. It shields. It guards. It preserves.

Protect your print, protect your color, protect your reputation. With EFI Armor.

EFI fuels success.

We develop breakthrough technologies for the manufacturing of signage, packaging, textiles, ceramic tiles, and personalized documents, with a wide range of printers, inks, digital front ends, and a comprehensive business and production workflow suite that transforms and streamlines the entire production process, increasing your competitiveness and boosting productivity.
