

Genuine Inks

Clear Ink Options

EFI™ offers clear coat/ink options for many of its sign and display inkjet printers to use as a decorative embellishment or as a final protective coating.

Use EFI clear ink to enhance an entire image (full flood) or on selected areas (spot) to add extra pop to colors or special effects to graphics. EFI clear inks print in-line with the other colors.

Clear inks used as a protective coating also print inline, simultaneously with the image, saving time versus using an offline coating system. They are ideal for a range of indoor applications as well as for truck side curtains, fleet graphics, automotive, transit, marine and other outdoor applications.

Graphics printed with Genuine EFI Inks and protected by an EFI clear coat/ink are warranted by EFI for up to two (2), three (3) or five (5) years (periods and printer models listed below) from date of ink manufacture, subject to the terms and conditions set forth in the “EFI Ink Warranty Summary.”

EFI Armor UV and water-based post-print coatings are available for applications requiring extended protection.

Printer Model	Configuration	Ink Set	Finish	Warranty
EFI Pro 30f+, Pro 30h+	4C + White + Clear	EFI ProGraphics UV XA Clear PN 45218954	Gloss	Up to 5 years
EFI VUTEk M3h	4C + White + Clear	EFI SuperClear Coat PN 45262754	Gloss	Up to 3 years
