

Mass production moves to on-demand

Your true digital replacement for rotary

EFI™ Reggiani BOLT XS is the next generation textile single pass that integrates cutting-edge digital technology to move mass production to on-demand. Burst speed, boosted uptime and reliability, high performance throughout, unparalleled printing accuracy, and minimal maintenance needs make BOLT XS the best-in-class textile single pass printer for overall equipment effectiveness.

EFI Reggiani BOLT XS delivers beyond your expectations with:

Unparalleled speed

the only digital printer to reach a 328 ft/min (100 m/min) operational speed

Continuous operation and uptime

thanks to minimal downtime for maintenance

Ultra-compact footprint

for more production capacity in less space

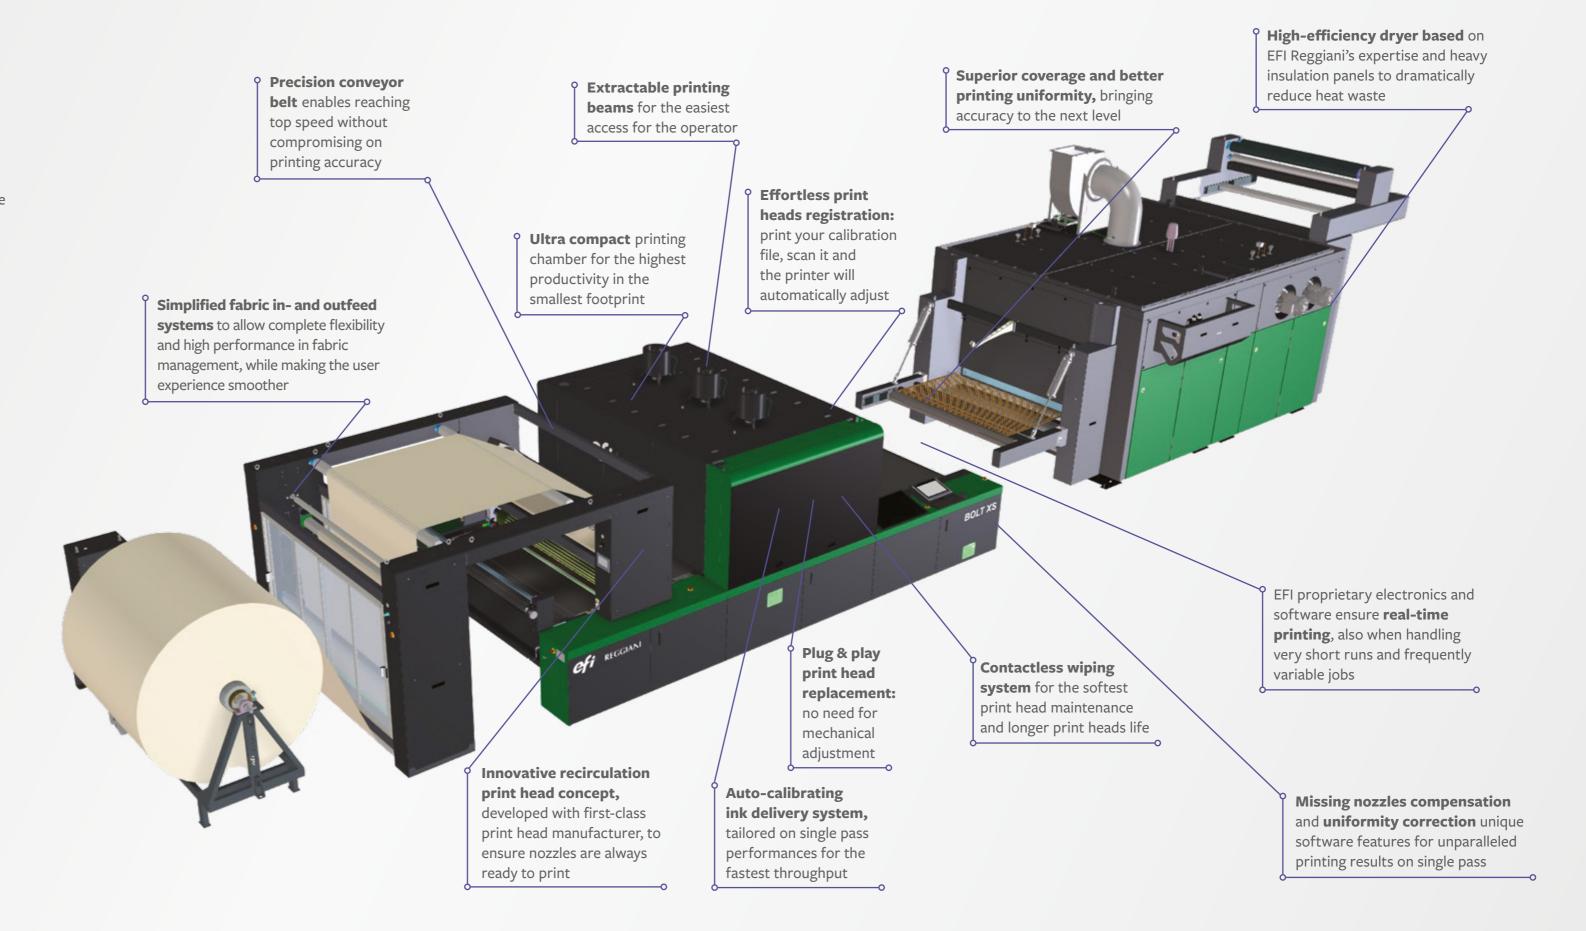

Astonishing printing results

with superior coverage and better printing uniformity

Low Total Cost of Ownership

thanks to high productivity and unmatched reliability

EFI Reggiani BOLT inks The fuel to boost BOLT XS printing performance

These eco-friendly, water-based inks are designed and optimized for BOLT XS print head technology to ensure extraordinary durability and uniformity, longer print head life, and brilliant colors.

Main benefits

- Excellent runnability
- Extended color gamut
- High fastness properties
- Full color range
- High standard continuous quality control

Fiery technology drives BOLT XS to deliver print quality beyond your expectations

The Fiery* digital front end is built to deliver superior screening, professional color management, instant and cost-efficient sampling, and the technology to produce the finest print quality with the highest productivity.

- Integrated digital front end, RIP, and color workflow
- Textile design, sampling, and production tools
- Extensive color management solution
- Fiery bladed hardware for high performance
- Enabling missing nozzles compensation and uniformity correction features

Technical data

	SPECIFICATIONS	
	Printing method	Single pass inkjet printer
	N. of colors	From 4 to 8
	Printing speed	Up to 1,615 ft²/min (150 m²/min)
	Print heads	Up to 28 per color
	Print resolution	Up to 600 x 4800 dpi
=	Drop size	Variable from 5 to 30 picolitres
	Printer body dimensions	Approximately 23 ft x 20 m x 13 m (7 m x 6 m x 4 m) (8 colors configuration)
	(L x W x H)	
	Fabric width	Maximum fabric width 77 in (1,950 mm), net print width 72 in (1,840 mm)
	Substrates	Woven and knitted fabrics
	Fabric feed and take up	Precision in- and outfeed system
		Fold and big roll maximum ø 79 in (2,000 mm) options available. Suitable for A-frame
	Dryer	High-efficiency dryer from two to six sections up to five passages
		Heating sources available: gas, oil, and steam
	RIP software	Fiery integrated inside the printer; Inèdit offline (optional)
	GENUINE EFI REGGIANI INKS	
	Reactive Further ink classes coming soon
