

Global EFI Quality & HSE Policy

Electronics For Imaging, Inc. (EFI) is a global technology company, leading the worldwide transformation from analog to digital imaging. We develop breakthrough technologies for the manufacturing of signage, packaging, textiles, and building materials with a wide range of printers and inks, working together to increase profits, lower costs, improve productivity, and optimize efficiency.

All employees from the SLT team throughout the entire organization are committed to:

- *Consistently delivering on-time, defect-free products and services that meet regulatory, statutory and customer requirements.*
- *Sustainability: preventing pollution, reducing resources utilized and minimizing our environmental impact.*
- *Protecting the health and safety of our employees, contractors, and visitors. We believe all incidents are preventable.*

Our Vision is brilliant imagery, together.

Our Mission is to continuously innovate to maximize our customers' digital printing success.

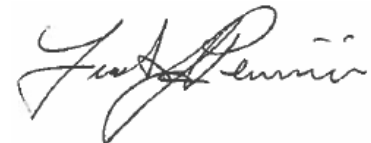

Our Values are:

- *We care:* We care about our colleagues, our customers, and the environment.
- *Customer Obsession:* We are passionate about our customers' success.
- *One Global EFI:* We are stronger as one aligned, diverse team.
- *Relentless Innovation:* We push for what's digital and next.
- *Reliable Results:* We meet our commitments with high quality.
- *Sense of Urgency:* We are responsive, despise waste, and strive to be first.

This can only be achieved through:

- Compliance with applicable legislation and regulations.
- An ongoing commitment to research, development, and innovation.
- Continued contact with our customers and a firm commitment to supplying the most appropriate solutions in every case.
- The continued improvement of EFI's processes and the Quality Management System.
- Participative staff, encouraging & facilitating training, and the achievement of the company's goals.

This Policy must be understood and accepted by everyone, and the EFI SLT team is considered its main guarantee.
